In establishing a member's average annual salary for determination of retirement benefits, salary in excess of limitations set forth in Section 401(a)(17) of the Internal Revenue Code of 1986, as amended, shall be disregarded. The limitation on compensation for eligible employees shall not be less than the amount allowed pursuant to the Educational Retirement Act in effect on July 1, 1993. For purposes of this section, "eligible employee" means an individual who was a member or participant of the educational retirement plan or alternative retirement plan prior to the first plan year beginning after December 31, 1995. For a member who first becomes a clinical faculty member of the university of New Mexico health sciences center on or after July 1, 1999, the limitation on compensation shall not be in excess of the member's base salary as specified in the member's annual faculty contract or the limitations set forth in Section 401(a)(17) of the Internal Revenue Code of 1986, as amended, whichever is less.

§ 22-11-21.3. Pick up; rollover

A. Commencing on July 1, 1998, each local administrative unit may, solely for the purpose of compliance with Section 414(h) of the Internal Revenue Code of 1986, pick up, for the purposes specified in that section, member contributions permitted by Subsection D of Section 22-11-17 NMSA 1978; Subsection C of Section 22-11-33 NMSA 1978; or Paragraph (4) of Subsection A of Section 22-11-34 NMSA 1978. Member contributions picked up under the provisions of this subsection shall be treated as local administrative unit contributions for purposes of determining income tax

obligations under the Internal Revenue Code of 1986; however, such picked-up member contributions shall be included in the determination of the member's gross annual salary for all other purposes under federal and state laws. Member contributions picked up under this section shall continue to be designated member contributions for all purposes of the Educational Retirement Act and shall be considered as part of the member's annual salary for purposes of determining the amount of the member's contribution. The provisions of this section are voluntary, and the member shall have no option concerning the pick up to receive the contributed amounts directly instead of having them paid by the local administrative unit to the fund. The contribution may be paid through the local administrative unit's payroll deduction.

B. Commencing July 1, 1998, the board may accept rollover contributions from other retirement funds solely for and subject to the restrictions set forth in Section 22-11-17 NMSA 1978 and Subsection B of Section 22-11-34 NMSA 1978 and the applicable restrictions set forth in the Internal Revenue Code of 1986 for pension plan qualification.

§ 22-11-22. Payment; records; audits

A. Contributions shall be deducted from the salaries of members by the local administrative units as the salaries are paid. These contributions shall be forwarded monthly to the director for deposit in the fund.

B. Contributions of local administrative units shall be derived from revenue available to the local administrative unit and shall be forwarded monthly to the director for deposit in the fund. The board may assess an interest charge and a penalty charge on any remittance not made by its due date.

C. Each local administrative unit shall record and certify quarterly to the director an itemized account of the contributions paid by each member and the local administrative unit. The director shall keep a record of these itemized accounts.

D. The director or the director's authorized representative may audit the financial affairs, books and records, and may interview employees, of any local administrative unit at any time to ensure compliance with the Educational Retirement Act and rules adopted by the board. The local administrative unit shall cooperate with the director or the authorized representative and shall provide access to records, information and employees during regular business hours. If, during the course of the audit,

the director or the director's designee finds discrepancies or violations of the Educational Retirement Act or rules adopted by the board, or if the director or the director's designee finds that a local administrative unit does not have adequate financial controls or procedures in place to allow the local administrative unit to properly account for and pay required contributions to the board:

(1) the director shall order the local administrative unit to implement measures to remedy those matters, including payment to the fund of any contributions not properly calculated or paid, together with interest thereon at a rate to be established by the board. The local administrative unit shall promptly comply with that order; and

(2) the director shall submit a report describing the discrepancy, violation or failure to maintain adequate financial controls or procedures to the board, the state auditor and the public education department or the higher education department as may be appropriate.

E. If the director or the director's designee finds or has reason to suspect criminal activity with respect to contributions, payments or the management of the funds of a local administrative unit, the director shall notify the attorney general, the state auditor and the appropriate law enforcement agency.

(1) the member is any age and has twenty-five or more years of earned and allowed service credit;

(2) the member is at least sixty-five years of age and has five or more years of earned service credit; or

(3) the sum of the member's age and years of earned service credit equals at least seventy-five; provided that a member who retires pursuant to this paragraph shall be subject to the benefit reductions provided in Subsection G of Section 22-11-30 NMSA 1978.

B. A member shall be subject to the provisions of Subsection A of this section as they existed at the beginning of the member's last cumulated four quarters of earned service credit, regardless of later amendment.

§ 22-11-23.1. Retirement eligibility; initial membership on or after July 1, 2010

A. A member who initially became a member on or after July 1, 2010, or a member who was a member at any time prior to that date and had, before that date, been refunded all member contributions pursuant to Subsection A of Section 22-11-15 NMSA 1978, shall be eligible for retirement benefits pursuant to the Educational Retirement Act when:

(3) the sum of the member's age and years of earned service credit equals at least eighty; provided that a member who retires pursuant to this paragraph shall be subject to the benefit reductions provided in Subsection H of Section 22-11-30 NMSA 1978.

B. A member shall be subject to the provisions of this section as they existed at the beginning of the member's last cumulated four quarters of earned service credit, regardless of later amendment.

§ 22-11-23.2. Retirement eligibility membership on or after July 1, 2013

A. A member who initially became a member on or after July 1, 2013 or a member who was a member at any time prior to July 1, 2013 and had, before that date, been refunded all member contributions pursuant to Subsection A of Section 22-11-15 NMSA 1978, and had not restored all refunded contributions and interest before July 1, 2013, shall be eligible for retirement benefits when:

(1) the member is any age and has thirty or more years of earned service credit; provided that the benefits of a member who retires pursuant to this

paragraph prior to attaining the age of fifty-five years shall be reduced to an amount equal to the actuarial equivalent of the benefit the member would receive if the member had retired at the age of fifty-five years. The board shall recalculate the actuarial factors on which benefits are reduced no less frequently than every ten years beginning July 1, 2013. The benefits of a retired member that have been reduced at the time of retirement pursuant to this paragraph shall not be subject to further change based upon the board's recalculation of the actuarial factors;

(2) the member is at least sixty-seven years of age and has five or more years of earned service credit; or

§ 22-11-24. Retirement benefits; minimum contributory employment

A. A member must have acquired not less than five years of contributory employment to be eligible for retirement benefits pursuant to the Educational Retirement Act.

B. A member desiring to retire before having completed five years of contributory employment shall be limited to the maximum benefit he would have been entitled to receive under any statute repealed by the Educational Retirement Act. A member may acquire five years or less of contributory employment by contributing to the fund, for each year of contributory employment desired, a sum equal to the prevailing combined contributions of the member and the local administrative unit in effect at the time the contributory employment is acquired. This contribution shall be computed on the member's average annual salary for the last five years of employment plus an additional sum as interest from the effective date of the Educational Retirement Act as fixed by the board, but not to exceed three percent a year.

C. Years of contributory employment purchased pursuant to this section shall not be considered as an addition to service actually performed in computing the sum of the member's retirement benefit.

D. The retirement benefits of members retired pursuant to the Educational Retirement Act prior to July 1, 1959 and who have acquired contributory employment years by purchase, shall be computed upon the basis of the amount paid therefor.

§ 22-11-25. Retirement; reemployment

A. A member retired pursuant to the provisions of the Educational Retirement Act may remove himself from retirement status by returning to employment. A reemployed member shall make regular contributions pursuant to the Educational Retirement Act. Upon termination of reemployment, the member shall be eligible for retirement benefits again based upon all service-credit acquired. In no case shall the retirement benefits be less than the member was receiving prior to his reemployment. Except as provided in Subsection B of this section, the member shall not receive greater retirement benefits than he was receiving prior to his reemployment unless he has not less than five years of employment subsequent to July 1, 1957 with all contributions required by the Educational Retirement Act having been paid on the earnings derived through his employment.

B. A member retired pursuant to the provisions of the Educational Retirement Act returning to employment for not less than one year after July 1, 1957 and prior to July 1, 1963 shall be eligible for retirement benefits pursuant to this section if the following conditions occur:

(1) the member's contributions on the salary earned during that period of reemployment must be paid at the rate which was in effect at that time. If this contribution is made, the local administrative unit employing the member during that period shall pay the local administrative unit's contribution at the rate in effect at that time; and

(2) the member shall have fulfilled the five-year contributory employment requirement specified in Section 22-11-24 NMSA 1978.

C. At the time of retirement following a period of reemployment, the member's retirement benefits shall be paid in accordance with the terms of the option selected at the time of the first retirement. A member qualified to

retire pursuant to this section after having reentered employment after retiring prior to July 1, 1957 shall be eligible to retire under the options specified in Section 22-11-29 NMSA 1978.

§ 22-11-25.1. Return to employment; benefits continued; administrative unit contributions

A. Except as provided in Subsections B and F of this section, beginning January 1, 2002 and continuing until January 1, 2022, a retired member may begin employment at a local administrative unit and shall not be required to suspend retirement benefits if the member has not rendered service to a local administrative unit for at least twelve consecutive months after the date of retirement. If the retired member returns to employment without first completing twelve consecutive months of retirement, the retired member shall remove himself or herself from retirement.

B. A retired member who was retired on or before January 1, 2001 and has not since suspended or been required to suspend retirement benefits pursuant to the Educational Retirement Act may, at any time prior to January 1, 2022, return to employment for a local administrative unit and shall not be required to suspend retirement benefits.

C. A retired member who returns to employment during retirement pursuant to Subsection A, B or F of this section is entitled to continue to receive retirement benefits but is not entitled to acquire service credit or to acquire or purchase service credit in the future for the period of the retired member's reemployment with a local administrative unit.

D. A retired member shall not be eligible to return to employment pursuant to Subsection A, B or F of this section unless an application to return to work, on a form prescribed by the board, has been submitted to, and approved by, the board and the applicant has complied with such other rules as promulgated by the board.

E. A retired member who returns to employment pursuant to Subsection A, B or F of this section shall pay to the fund an amount equal to the member contributions that would be required pursuant to Section 22-11-21 NMSA 1978 if the retired member was a non-retired employee and the local administrative unit employing the retired member shall pay to the fund an amount equal to the local administrative unit contributions that would be required pursuant to that section. Payments made by a retired member pursuant to this subsection shall not be refunded.

F. Beginning July 1, 2003 and continuing until January 1, 2022, a retired member who retired on or before January 1, 2001, who subsequently voluntarily suspended or was required to suspend retirement benefits and who has not rendered service to a local administrative unit for at least ninety days may begin employment at a local administrative unit without suspending retirement benefits if the retired member was not employed by a local administrative unit for an additional twelve or more consecutive months after the initial date of the retirement; provided that the ninety-day period shall not include any part of a summer or other scheduled break or vacation period.

G. Both the retired member who returns to employment and the local administrative unit that employs the retired member shall make contributions to the retiree health care fund in the amount specified in Subsections A and B of Section 10-7C-15 NMSA 1978.

H. As used in Subsections A and F of this section:

(2) "local administrative unit" includes any entity incorporated, formed or otherwise organized by, or subject to the control of a local administrative unit, whether or not the entity is created for profit or nonprofit purposes.

22-11-25.2. Persons receiving retirement benefits pursuant to the Public Employees Retirement Act

B. An employee who continues to receive retirement benefits pursuant to the Public Employees Retirement Act and who does not make contributions to the fund is not entitled to acquire service credit or to acquire or purchase

service credit in the future for the period of employment with a local administrative unit.

C. Nothing in this section shall affect the obligation of a local administrative unit to make contributions to the fund as required in the Educational Retirement Act.

§ 22-11-26. Death during reemployment

If a member dies during a period of reemployment following retirement pursuant to the Educational Retirement Act, the benefits to be paid shall be determined according to the following:

A. if the member did not elect to exercise Option B or C pursuant to Subsection A of Section 22-11-29 NMSA 1978 at the time of first retirement, the member's beneficiary or estate shall receive an amount equal to the sum of the member's contributions, including contributions made by the member during the period of last reemployment, plus accumulated interest at the rate set by the board, less the total benefits received prior to the last reemployment; or

B. if a retirement benefit has been paid to the member pursuant to either Option B or Option C of Subsection A of Section 22-11-29 NMSA 1978 prior to reemployment, the reemployed member shall be considered as retiring on the day preceding the date of death, and the benefits due the surviving beneficiary, computed as of that date, shall be commenced effective on the date of death in accordance with the terms of the option elected.

§ 22-11-27. Deferred retirement; restriction

A. A member who is eligible for retirement may continue in employment and shall continue to pay contributions as provided by the Educational Retirement Act.

B. Provided that the contributions that the member has made are left in the fund, a member eligible for retirement benefits pursuant to the provisions of Section 22-11-23, 22-11-23.1 or 22-11-23.2 NMSA 1978 may terminate employment and retire at any time upon satisfying the applicable age and earned service requirements for retirement.

C. A member shall not be on a retirement status while engaged in employment unless the employment falls within an exception established by statute or rule of the board.

§ 22-11-28. Applications for retirement; effective date

A. Application for retirement shall be made by a member on forms provided by the board.

B. Retirement pursuant to the Educational Retirement Act shall become effective on July 1 following approval of the application for retirement by the board. With approval of the board and the local administrative unit employing the member, retirement pursuant to the Educational Retirement Act may become effective on the first day of any month during the year.

§ 22-11-29. Retirement benefit options

A. Upon retirement pursuant to the Educational Retirement Act, a member may elect, and, except as provided in Subsection D or E of this section, such election shall be irrevocable, to receive the actuarial equivalent of the member's retirement benefit, as provided in Section 22-11-30 NMSA 1978, to be effective on the member's retirement in any one of the following optional forms:

(1) OPTION B. A reduced annuity payable during the member's life with provision that upon the member's death the same annuity shall be continued during the life of and paid to the beneficiary designated by the member in writing at the time of electing this option; or

(2) OPTION C. A reduced annuity payable during the member's life with provision that upon the member's death one-half of this same annuity shall be continued during the life of and paid to the beneficiary designated by the member in writing at the time of electing this option.

B. In the case of Options B and C of Subsection A of this section, the actuarial equivalent of the member's retirement benefit shall be computed on the basis of the lives of both the member and the beneficiary.

C. In the event that the named beneficiary of a retired member who elected Option B or C of Subsection A of this section at the time of retirement predeceases the retired member, the annuity of the retired member shall be

adjusted by adding an amount equal to the amount by which the annuity of the retired member was reduced at retirement as a result of the election of Option B or C. The adjustment authorized in this subsection shall be made as follows:

(1) beginning on the first month following the month in which the named beneficiary of a retiree dies applicable to an annuity received by a retiree who retires after June 30, 1987; or

(2) beginning on July 1, 1987 applicable to an annuity received by a retiree who retired prior to July 1, 1987 and otherwise qualifies for the adjustment; provided, however, no adjustment shall be made retroactively.

D. A retired member who is being paid an adjusted annuity pursuant to Subsection C of this section because of the death of the named beneficiary may exercise a one-time irrevocable option to designate another individual as the beneficiary and may select either Option B or Option C of Subsection A of this section; provided that:

(1) the amount of the annuity under the option selected shall be recalculated and have the same actuarial present value, computed on the effective date of the designation, as the annuity being paid to the retired member prior to the designation;

(2) the designation and the amount of the annuity shall be subject to a court order as provided for in Subsection B of Section 22-11-42 NMSA 1978; and

(3) the retired member shall pay one hundred dollars (\$100) to the board to defray the cost of determining the new annuity amount.

E. A retired member who is being paid an annuity under Option B or C of Subsection A of this section with a living designated beneficiary other than the retired member's spouse or former spouse may exercise a one-time irrevocable option to deselect the designated beneficiary and elect to:

(1) designate another beneficiary, provided that:

(a) the retired member shall not have an option to change from the current form of payment;

(b) the amount of the annuity under the form of payment shall be recalculated and shall have the same actuarial present value, computed as

of the effective date of the designation, as the amount of annuity paid prior to the designation; and

(c) the retired member shall pay one hundred dollars (\$100) to the board to defray the cost of determining the new annuity amount; or

(2) have future annuity payments made without a reduction as a result of Option B or C.

F. In the event of the death of the member who has not retired and who has completed at least five years' earned service credit, the member shall be considered as retiring on the first day of the month following the date of death, and the benefits due the surviving beneficiary, computed as of that date, shall, except as provided in Subsection I of this section, be commenced effective on the first day of such month in accordance with the terms of Option B of Subsection A of this section. In lieu of the provisions of Option B, the surviving beneficiary may elect to receive payment of all the contributions made by the member, plus interest at the rate set by the board reduced by the sum of any disability benefits previously received by the member, or the surviving beneficiary may choose to defer receipt of the survivor's benefit to whatever age the beneficiary chooses up to the time the member would have attained age sixty. If the benefit is thus deferred, it shall be calculated as though the member had retired on the first day of the month in which the beneficiary elects to receive the benefit. In the event of the death of the beneficiary after the death of the member and prior to the date on which the beneficiary has elected to receive the beneficiary's benefit, the estate of the beneficiary shall be entitled to a refund of the member's contributions plus interest at the rate earned by the fund during the preceding fiscal year, reduced by the sum of any disability benefits previously received by the member.

G. In the case of death of a retired member who did not elect either Option B or C of Subsection A of this section and before the benefits paid to the member have equaled the sum of the member's accumulated contributions to the fund plus accumulated interest at the rate set by the board, the balance shall be paid to the beneficiary designated in writing to the director by the member or, if no beneficiary was designated, to the estate of the member.

H. No benefit shall be paid pursuant to this section if the member's contributions have been refunded pursuant to Section 22-11-15 NMSA 1978.

I. In the case of death of a member with less than five years' earned service credit or death of a member who has filed with the director a notice rejecting the provisions of Subsection F of this section, which notice shall be revocable by the member at any time prior to retirement, the member's contributions to the fund plus interest at the rate set by the board shall be paid to the beneficiary designated in writing to the director by the member or, if no beneficiary was designated, to the estate of the member.

J. Any elections of either Option B or C of Subsection A of this section on file with the director on June 30, 1984 by members who have not retired prior to June 30, 1984 are void.

(4) an annuity shall not be decreased if there is a decrease in the consumer price index between the next preceding calendar year and the preceding calendar year.

D. A retired member whose benefit is subject to adjustment under the provisions of the Educational Retirement Act in effect prior to July 1, 1984 shall have the member's annuity readjusted annually and cumulatively under the provisions of that act in effect prior to July 1, 1984 until July 1 of the year in which the member attains the age of sixty-five, when the member

shall have the annuity readjusted annually and cumulatively under the provisions of this section.

E. A member who:

(1) retires pursuant to Subsection A of Section 22-11-23 NMSA 1978 or Subsection A of Section 22-11-23.1 NMSA 1978 after attaining the age of sixty-five years shall have the member's annuity adjusted as provided in Subsections B and C of this section commencing on July 1 of the year following the member's retirement; and

F. A retired member who returns to work shall be subject to the provisions of this section as they exist at the time of the member's final retirement.

G. Benefits of a member who is on a disability status in accordance with Section 22-11-35 NMSA 1978 or a member who is certified by the board as disabled at regular retirement shall be adjusted in accordance with Subsections B and C of this section, except that the benefits shall be adjusted annually and cumulatively commencing on July 1 of the third full year following the year in which the member was approved by the board for disability or retirement.

H. The board shall adjust the benefits of each person receiving an annuity as of June 30, 1999. The adjustment shall be made on July 1, 1999 on the basis of an increase of two dollars (\$2.00) per month for each year since the member's last retirement plus an increase of one dollar (\$1.00) per month for each year of credited service at the time of the last retirement.

§ 22-11-32. Adjustment of benefits

A. If retirement or disability benefits cause a decrease in the amount of monetary payments due to a member or beneficiary from any public agency, the retirement or disability benefits shall be reduced to result in the maximum total benefits to the member or beneficiary.

B. If there is a change in the effect of retirement or disability benefits on any monetary payments due to a member or beneficiary from any public agency,

the retirement or disability benefits shall be adjusted to result in the maximum total benefits to the member or beneficiary. In no event shall the retirement or disability benefits be increased in an amount greater than that authorized by the Educational Retirement Act.

C. The provisions of this section are mandatory and are not subject to option or election by any member or beneficiary. Each member or beneficiary shall inform the director of all facts necessary for the director to carry out the provisions of this section.

D. If the director, in good faith, seeks to ascertain all facts necessary to comply with provisions of this section, but payment of retirement or disability benefits is made without making an adjustment as provided by this section, neither the board, the director or any public officer or employee shall be liable because of the payment.

E. As used in this section:

(1) "retirement or disability benefits" means retirement or disability benefits payable to a member or beneficiary pursuant to the Educational Retirement Act;

(2) "public agency" includes the federal government, any department or agency of the federal government, any state and any department, agency and political subdivision of a state; and

(3) "total benefits" means retirement or disability benefits plus any other monetary payments due to the member or beneficiary from any public agency.

§ 22-11-33. Earned service credit

A. Upon a member filing an application for retirement or disability benefits, earned service credit for the time of contributory employment shall be certified by the director and subject to the review of the board.

B. A member shall be certified to have earned service credit for that period of time when he was engaged in prior employment. Earned service credit shall not be certified for that period of employment for which the contributions have been withdrawn from the fund by the member.

C. Earned service credit shall be certified for periods of employment interrupted for some cause other than retirement or disability. This shall be done if a member withdrawing contributions from the fund for this period returns to the fund, for each year of earned service credit desired, a sum equal to the member's contribution to the fund during this period and an additional sum as interest compounded annually from the date the contributions were withdrawn to the date of payment of the amount of returned contributions at the rate of interest set by the board. These payments may be made in installments, and, if the payments made to the fund are insufficient for the restoration of any full year of earned service credit, the member shall be certified to have acquired earned service credit for that period of time which is proportionate to the payments made.

§ 22-11-34. Allowed service credit

A. A member shall be certified to have acquired allowed service credit pursuant to the Internal Revenue Code of 1986 for those periods of time when the member was:

(1) employed prior to July 1, 1967 in a federal educational program within New Mexico, including United States Indian schools and civilian conservation corps camps. This service credit shall be allowed without contribution;

(2) engaged in military service that interrupted the member's employment in New Mexico if the member returned to employment within eighteen months following honorable discharge. This service credit shall be allowed without contribution;

(3) engaged in United States military service or the commissioned corps of the public health service from which the member was honorably discharged; provided that:

(a) the member shall have five years or more of contributory employment to be eligible to purchase allowed service credit pursuant to this paragraph;

(b) the member shall contribute to the fund, for each year of service credit the member elects to purchase, a sum equal to the member's average annual actual salary for the five years preceding the date of the contribution multiplied by the sum of the member contribution rate and the employer contribution rate in effect at the time of the member's written election to purchase, subject to the federal Uniformed Services Employment and Reemployment Rights Act of 1994;

(c) full payment shall be made in a single lump sum within sixty days of the date that the member is informed of the amount of the payment; and

(d) the portion of the purchase cost derived from the employer's contribution rate shall be credited to the fund and, in the event that a member requests a refund of contributions pursuant to Section 22-11-15 NMSA 1978, the member shall not be entitled to a refund of that portion of the purchase cost derived from the employer contribution rate; or

(4) employed:

(a) in a public school or public institution of higher learning in another state, territory or possession of the United States;

(b) in a United States military dependents' school operated by a branch of the armed forces of the United States;

(c) as provided in Paragraph (1) of this subsection after July 1, 1967; or

(d) in a private school or institution of higher learning in New Mexico whose education program is accredited or approved by the department at the time of employment.

B. Effective July 1, 2001, the member or employer under Paragraph (4) of Subsection A of this section shall contribute to the fund for each year of allowed service credit desired an amount equal to the actuarial value of the service purchased as defined by the board. Payment pursuant to Paragraph (4) of Subsection A of this section may be made in installments, at the discretion of the board, over a period not to exceed one year and, if the sum paid does not equal the amount required for any full year of allowed service credit, the member shall acquire allowed service credit for that period of time that is proportionate to the payment made. Half credit may be allowed without contribution for not more than ten years of the educational service described by Subparagraph (a) of Paragraph (4) of Subsection A of this section if that service was prior to June 13, 1953 and if the member was employed in New Mexico prior to June 13, 1953 in a position covered by the Educational Retirement Act or a law repealed by that act. No allowed service credit shall be purchased pursuant to Paragraph (4) of Subsection A of this section unless the member is currently employed by a local administrative unit.

C. No member shall be certified to have acquired allowed service credit:

(1) under any single paragraph or the combination of only Paragraphs (1) and (4) or only Paragraphs (2) and (3) of Subsection A of this section in excess of five years; or

(2) in excess of ten years for any other combination of Paragraphs (1) through (4) of Subsection A of this section.

D. A member receiving service credit under Paragraph (3) or (4) of Subsection A of this section who enrolls in the retiree health care authority shall make contributions pursuant to Subsection C of Section 10-7C-15 NMSA 1978.

E. The provisions of this section are made applicable to the services described prior to as well as after the effective date of the Educational Retirement Act.

§ 22-11-35. Disability benefit; eligibility; medical examination

A. A member shall be eligible for disability benefits if he has acquired ten years or more of earned service-credit and the board certifies the member to be totally disabled to continue his employment and unable to obtain and retain other gainful employment commensurate with his background, education and experience.

B. Prior to any certification of disability by the board, the board shall require each applicant for disability benefits to submit himself to a medical examination by the medical authority.

§ 22-11-36. Disability benefit; continued eligibility; re-examinations

A. Unless designated by the medical authority as being permanently disabled, to continue to receive disability benefits, a member shall, on the anniversary date in each year of his being placed on a disability status, present himself to the medical authority for a medical re-examination. The medical authority shall certify to the director after each medical examination whether there is a substantial betterment of the member's disability. In the event a substantial betterment of the disability is reported, the board shall determine whether the member is totally disabled for employment and unable to obtain and retain other gainful employment commensurate with his background, education and experience. If the board determines that the

member is no longer disabled, the payment of the disability benefits shall cease.

B. Payment of disability benefits to a member shall be suspended if a certificate of medical re-examination by the medical authority is not filed with the director within thirty days after the date upon which the member should have been re-examined where the failure to file the certificate was due to the unexcused failure or the refusal of the member to report for the medical re-examination. Payment of disability benefits shall be resumed only after the member has complied with the requirements of the Educational Retirement Act. A member shall have no right or claim for benefits withheld during a period of suspension.

C. The board may, in its discretion, require further or more frequent medical examinations of members having a disability status.

D. A member receiving disability benefits who is unable to report for a medical re-examination because of his physical condition or because he resides outside the state shall notify the director of this fact not later than fifteen days in advance of the date for the medical re-examination. The board shall designate a medical doctor in the vicinity of the residence of the member to make the medical re-examination and to report the findings to the board.

E. Upon a determination by the board, a member's status may be changed from permanently disabled to temporarily disabled or no longer disabled.

§ 22-11-37. Disability benefit

A. The annual disability benefit shall be equal to two percent of the member's average annual salary multiplied by the number of years of the member's total service-credit if the result is greater than one-third of the member's average annual salary. If the result of that formula is less than one-third of the member's average annual salary, the annual disability benefit shall be equal to the lesser of the following amounts:

(1) two percent of the member's average annual salary multiplied by the sum of the member's total service-credit plus the number of years, calculated to the nearest completed quarter, from the effective date of the member's disability to the member's sixtieth birthday; or

(2) one-third of the member's average annual salary.

B. A member's average annual salary for the purpose of computing disability benefits shall be the average salary for the last five years of employment or for any other consecutive five-year period for which contribution was made by the member, whichever is higher.

C. The annual disability benefit shall be paid in equal monthly installments.

§ 22-11-38. Disability retirement

A member receiving disability benefits upon attaining the age of sixty years shall be considered as retiring pursuant to the Educational Retirement Act at the rate of benefits received for the disability.

§ 22-11-39. Report of improved health; penalty

A. A member receiving disability benefits shall report to the director in writing any substantial improvement in his disability within thirty days after he has or reasonably should have knowledge of the improvement.

B. A member failing to report to the director as required by this section is guilty of a petty misdemeanor.

§ 22-11-40. Reports; restoration to fund

A. The payment of disability benefits shall be suspended by the director upon notification by the board that the member has failed or refused to make any report required by the board to be made by him. Payment of disability benefits shall be resumed only after the required report is made. The member shall have no right or claim for benefits withheld during a period of suspension.

B. If a member is obligated to restore any sum of money to the fund and fails or refuses to do so for a period of three months after written demand is made by the director, he shall forfeit his membership and receive no further benefits pursuant to the Educational Retirement Act. The director shall determine whether the former member's contributions to the fund exceed the total amount of disability or retirement benefits he has received and shall withdraw from any such balance of contributions the amount of money the member is obligated to restore to the fund. Any balance of the

contribution remaining in the fund shall be paid to the former member or his beneficiary. In the event the money the former member is obligated to restore to the fund is not restored to the fund, the former member shall be subject to civil action by the board for its recovery.

§ 22-11-41. Repealed by L. 1993, Ch. 69, § 11, eff. June 18, 1993

§ 22-11-42. Nonassignability; division of funds as community property; child support obligations

A. Except as specifically provided in the Educational Retirement Act and the provisions of Subsections B and C of this section, contributions or benefits mentioned in the Educational Retirement Act shall not be assignable either in law or in equity or be subject to execution, levy, attachment, garnishment, guarantee fund or similar assessment or any other legal process.

B. A court of competent jurisdiction, solely for the purposes of effecting a division of community property, may provide by appropriate order for a determination and division of a community interest in the pensions or other benefits provided for in the Educational Retirement Act. In so doing, the court shall fix the manner in which the warrants shall be issued, may order direct payments by the board to a person with a community interest in the pensions or benefits and may restrain the refund of member or participant contributions. The court shall not alter the manner in which the amount of pensions or other benefits is calculated by the board or a carrier or contractor for the alternative retirement plan, nor shall the court cause any increase in the actuarial present value of the pensions or other benefits to be paid by the board or a carrier or contractor for the alternative retirement plan. A payment, ordered by a court pursuant to this subsection, shall only be made when the member or participant terminates employment and requests a refund or when the member or participant retires or is otherwise entitled to receive benefits pursuant to the Educational Retirement Act. In no case shall a court order pursuant to this subsection result in more money being paid from the fund or from an alternative retirement plan, whether in a lump sum or in monthly benefits, than would otherwise be payable.

C. A court of competent jurisdiction, solely for the purposes of enforcing current or delinquent child support obligations, may provide by appropriate order for withholding amounts due in satisfaction of current or delinquent child support obligations from the pensions or other benefits provided for in the Educational Retirement Act and for payment of such amounts to third

parties. The court shall not alter the manner in which the amount of pensions or other benefits is calculated by the board or a carrier or contractor for the alternative retirement plan. The court shall not cause any increase in the actuarial present value of the pensions or other benefits to be paid by the board or a carrier or contractor for the alternative retirement plan. Payments made pursuant to such orders shall only be made when the member or participant terminates employment and requests a refund of contributions or when the member or participant retires; in no case shall more money be paid out, either in a lump sum or in monthly benefits, of the fund or alternative retirement plan in enforcement of current or delinquent child support obligations than would otherwise be payable. In no case shall a court order pursuant to this subsection result in more money being paid from the fund or from an alternative retirement plan, whether in a lump sum or in monthly benefits, than would otherwise be payable.

§ 22-11-43. Insurance or banking laws inapplicable

In the absence of specific provisions to the contrary, no law of this state regulating insurance policies, insurance companies or banking institutions shall apply to the administration of the Educational Retirement Act.

§ 22-11-44. Saving clause; retirement benefits; disability benefits

A. Any person retired pursuant to the provisions of any laws repealed by the Educational Retirement Act shall be considered to have retired pursuant to the Educational Retirement Act and shall continue to receive retirement benefits in the same amount as received prior to the enactment of the Educational Retirement Act.

B. Any person receiving disability benefits pursuant to any laws repealed by the Educational Retirement Act shall continue to receive disability benefits in the same amount as received prior to the enactment of the Educational Retirement Act, and shall be considered to have been granted disability benefits pursuant to and be subject to the provisions of the Educational Retirement Act.

C. Nothing in the Educational Retirement Act shall be construed to adversely affect any benefits being paid pursuant to any laws repealed by the Educational Retirement Act or any laws establishing the public employees retirement association of New Mexico.

D. No person who was heretofore covered under the provisions of any statute repealed by the Educational Retirement Act shall be retired at a monthly benefit which is less than he would have received had his employment continued to be performed under such repealed provisions.

§ 22-11-44.1. Repealed by L. 1993, Ch. 69, § 11, eff. June 18, 1993

§ 22-11-45. Elections of the public employees retirement association; payment of contributions

Any person covered under the public employees retirement association of New Mexico on or subsequent to July 1, 1961 employed by a local administrative unit any time between July 1, 1957 and July 1, 1961 shall not be entitled to service-credit for this time either under the Educational Retirement Act or under the public employees retirement association of New Mexico unless he elects in writing with the public employees retirement association of New Mexico to be credited with the service-credit. If a person so elects, he shall pay the employee's contribution to the public employees retirement association of New Mexico in an amount which would have been deducted if he had been a member of the public employees retirement association of New Mexico during this period in which he was employed, together with interest at the rate of four percent a year. The local administrative unit shall then make the employers' contribution for the period involved to the public employees retirement association of New Mexico in a sum equal to the amount which would have been contributed by an employer if the person had been a member of the public employees retirement association of New Mexico during this period in which he was employed, together with interest at the rate of four percent a year. The election provided for by this section shall be made within one year from the person's subsequent date of employment in a position in which he is covered by the public employees retirement association of New Mexico. If the election is not made within this period, no further right to elect shall exist.

§ 22-11-46. Reserved

§ 22-11-47. Alternative retirement plan; election of coverage

A. Beginning October 1, 1991, any employee of the university of New Mexico, New Mexico state university, New Mexico institute of mining and

technology, New Mexico highlands university, eastern New Mexico university or western New Mexico university who is eligible to become a participant may make within ninety days of that date an election to participate in the alternative retirement plan. Beginning October 1, 1999, an employee of central New Mexico community college, Clovis community college, Luna community college, Mesalands community college, New Mexico junior college, northern New Mexico college, San Juan college or Santa Fe community college who is eligible to become a participant may make an election to participate in the alternative retirement plan within ninety days of the initial date. Thereafter, any employee who is eligible to become a participant may make within the first ninety days of employment with a qualifying state educational institution an election to participate in the alternative retirement plan. Any employee who makes the election shall become a participant the first day of the first pay period following the election. Any employee who fails to make the election within ninety days of October 1, 1991 or October 1, 1999, whichever is applicable, or within the first ninety days of employment with a qualifying state educational institution shall become or remain a regular member if that employee is eligible to be a regular member and shall not later be eligible to elect to be a participant, regardless of whether the employee subsequently is employed in another position that is eligible for participation in the alternative retirement plan. Except as provided in Subsection D of this section, an election to become a participant is irrevocable.

B. Until the time an employee who is eligible to become a participant elects to participate in the alternative retirement plan, that employee shall be a regular member.

C. When an employee elects to become a participant, any employer and employee contributions made as a regular member shall be withdrawn from the fund and applied instead toward the alternative retirement plan as if the participant had been participating in the alternative retirement plan from the commencement of employment with the qualifying state educational institution.

D. On July 1, 2009, any participant who has made contributions to the alternative retirement plan for a cumulative total of seven years or more shall have a one-time option of electing to become a regular member. Thereafter, once a participant has made contributions to the alternative retirement plan for a cumulative total of seven years, a participant shall have a one-time option of electing to become a regular member. Participants electing to become regular members shall exercise that option within one hundred twenty days of the date of becoming eligible to elect to become a

regular member. Any amounts on deposit in an employee's alternative retirement plan account when a participant becomes a regular member shall remain on deposit with the contractor or carrier subject to that plan's provisions, unless otherwise provided by law. An employee who elects to become a regular member under this subsection shall use the date on which the employee was first employed with a qualifying state educational institution for purposes of determining any retirement eligibility requirement, provided that the employee:

(1) may not purchase service credit for periods of employment during which the employee participated in the alternative retirement plan; and

(2) shall acquire not less than five years of contributory employment as a regular member as provided for in Section 22-11-24 NMSA 1978 to be eligible for retirement benefits pursuant to the Educational Retirement Act.

E. The board shall approve the positions at each qualifying state educational institution that are eligible for participation in the alternative retirement plan.

§ 22-11-48. Alternative retirement plan; contributory employment

A. Contributions made by a qualifying state educational institution on behalf of a participant together with any interest accrued on those contributions shall be credited to the benefit of the participant and shall be distributed or treated as agreed upon between the contractor or carrier providing the alternative retirement plan benefits and the board.

B. Contributions of a participant who terminates employment together with any applicable interest accrued on those contributions shall remain the property of the participant and the contributions, interest and any benefits based on them shall be treated as agreed upon between the contractor or carrier providing the alternative retirement plan benefits and the board.

§ 22-11-49. Alternative retirement plan; contributions

A. Each participant shall contribute an amount equal to the percent of the participant's salary that the participant would have been required to contribute as a regular member. The contribution shall be made in the manner provided for by the board.

B. Each qualifying state educational institution shall contribute on behalf of each participant an amount of the participant's salary equal to the contribution that would have been required of the employer if the participant was, instead, a regular member. Of the contribution made by a qualifying state educational institution on behalf of a participant beginning October 1, 1991, or October 1, 1999, whichever is applicable, a sum equal to three percent of the annual salary of each participant shall be contributed to the fund, and the remainder of the contribution shall be paid to the alternative retirement plan as provided by the board; provided, however, that on July 1 following any report by the actuary to the board that concludes that less than three percent of the contributions made by a qualifying state educational institution on behalf of its participants is required to satisfy the unfunded actuarial liability attributable to the participation of the participants in the alternative retirement plan, the three percent shall be reduced to the percentage determined by the actuary.

C. Contributions required by the provisions of this section may be made by a reduction in salary or by a public employer pick-up pursuant to any applicable provision of the Internal Revenue Code of 1986, as amended.

22-11-50. Alternative retirement plan; tax treatment

The board shall have the authority to determine whether the alternative retirement plan shall be qualified under Section 401(a) or 403(a) of the Internal Revenue Code of 1986, as amended, and shall make that determination based upon which choice is most advantageous to the participants as a whole.

§ 22-11-51. Alternative retirement plans; benefits; transfer upon unemployment

A. No retirement, death or other benefit shall be paid by the board from the fund for services credited under the alternative retirement plan. Such benefits are payable to participants or their beneficiaries only by the appropriate alternative retirement plan contractor or carrier in accordance with the terms of the applicable contracts or certificates; provided, however, that retirement benefits shall, at the option of the participant, be paid in the form of a lifetime income, if held in an annuity contract; payments for a term of years; or a single-sum cash payment.

B. Upon termination of employment with a qualifying state educational institution, a participant may transfer or roll over the account balance to another eligible retirement plan or may withdraw the balance as permitted for a plan qualified under Section 401(a) of the Internal Revenue Code of 1986.

§ 22-11-52. Alternative retirement plan; selection of contractor or carrier; administration

A. The board shall solicit and review proposals for providing retirement, death and any other benefits deemed desirable by the board for participants in the alternative retirement plan. The board shall solicit proposals for providing the benefits through contracts or investments held in trust or a custodial account that meets the requirements of Section 401(a) or 403(a) of the Internal Revenue Code of 1986, including, without limitation, annuity contracts or certificates that are fixed or variable in nature or some combination thereof.

B. The board, after consultation with the qualifying state educational institutions, shall select no less than two nor more than five contractors or carriers to provide the contracts or certificates. In making its selection, the board shall consider, among other things, the following criteria:

(1) the portability of the benefits offered, based upon the number of states and institutions of higher education in which the offeror provides similar benefits;

(2) the nature and extent of the rights and benefits that would be provided to the participants, including the right to maintain their accounts or to transfer the balance to another eligible retirement plan upon termination of employment with the qualifying educational institution, to the extent permitted for a plan qualified under Section 401(a) of the Internal Revenue Code of 1986;

(3) the relation of the rights and benefits to the contributions that would be made by the participants and the qualifying state educational institutions;

(4) the ability of the offeror to provide the rights and benefits;

(5) the suitability of the rights and benefits for recruitment and retention of employees by the qualifying state educational institutions; and

(6) compliance with the requirements of the Educational Retirement Act and Section 401(a) or 403(a) of the Internal Revenue Code of 1986.

C. The board shall provide for the administration and maintenance of the alternative retirement plan and may adopt rules and regulations for that purpose.

§ 22-11-53. Correction of errors and omissions; estoppels

A. If an error or omission in an application for retirement or its supporting documents results in an overpayment to a member or the beneficiary of a member, the board shall correct the error or omission and adjust all future payments accordingly. The board shall recover all overpayments that are made.

B. A member or the beneficiary of a member who is paid more than the amount he is owed because he provided fraudulent information on his application for retirement shall be liable for the repayment of that amount to the fund, interest on that amount at the rate set by the board and costs of collection, including attorney fees. Recovery of overpayments shall extend back to the date of the first payment that was made based on fraudulent information.

B. Information disclosed pursuant to Subsection A of this section shall be included in the quarterly performance reports of the board.

C. Any person who knowingly withholds information required by Subsection A of this section is guilty of a fourth degree felony and shall be punished by a fine of not more than twenty thousand dollars (\$20,000) or by imprisonment for a definite term not to exceed eighteen months or both.

As used in this section, "third-party marketer" means a person who, on behalf of an investment fund manager or other person seeking an investment from the fund and under a written or implied agreement, receives a fee, commission or retainer for such services from the person seeking an investment from the fund.

§ 22-11-55. Disclosure of member or retired member information; penalty

A. Other than names of members and local administrative units by which a member was employed; dates of employment, retirement and reported death; service credit; reported salary; retirement and disability benefits; and amounts of contributions made by members and local administrative units, neither the board nor its employees or contractors shall allow public inspection or disclosure of any information regarding a member or retired member to anyone except:

(2) other persons specifically identified in a prior release and consent, in the form prescribed by the board, executed by the member, retired member, spouse or authorized representative; or

(3) the attorney general, appropriate law enforcement agencies, the state auditor or the public education department or higher education department, if the information provided relates to contributions, payments or management of money received by, or the financial controls or procedures of, a local administrative unit.

B. No person receiving information disclosed by a violation of Subsection A of this section shall disclose that information to any other person unless authorized by an applicable confidentiality agreement, board rule or state law.

C. Whoever knowingly violates a provision of Subsection A or B of this section is guilty of a petty misdemeanor and shall be sentenced in accordance with Section 31-19-1 NMSA 1978.
